INTERFOR Cedar CERTIFIED SUSTAINABLE

Good for you.
Good for our forests.™

Interfor Special APPEARANCE GRADE BOARDS AND FASCIA

Interfor's Knotty Western Red Cedar boards and fascia enhance the street appeal of quality homes and rustic charm of garden structures. The Interfor Special appearance grade offers a superior, no-hole product that consistently meets the appearance requirements of a large variety of applications. Cedar's natural characteristics protect against decay and insects, ensure materials stay straight, lay flat, and provide an excellent base for paints and stains. Above all, Cedar boards and fascia add a beauty that cannot be matched by man made building materials.

Interfor Special

APPEARANCE GRADE BOARDS AND FASCIA

Interfor's commitment to producing consistent and superior quality Western Red Cedar products is reflected in its Interfor Special Appearance grade knotty boards and fascia. Starting with a reliable and consistent fibre supply, Interfor is able to offer customers products that meet exacting standards from order to order.

Whether for use as trim, board and batten siding or for garden structures, Interfor Special is the grade of choice for quality builders around the country. Insist on it for your next project.

Standards that set Appearance grade boards and fascia apart from the competition:

- S1S2E boards wane is strictly limited to reverse face only
- Rough 2" fascia is a 'wane free' product

Nominal (inches)	Net (inches)	Dressing	Pieces per Package	Lengths
1 x 4	¾ x 3 9/16	S1S2E	416	8' – 20' ELO
1 x 6	¾ x 5 9/16	S1S2E	256	8' – 20' ELO
1 x 8	¾ x 7 9/16	S1S2E	192	8' – 20' ELO
1 x 10	¾ x 9 9/16	S1S2E	160	8' – 20' ELO
1 x 12	¾ x 11 ½	S1S2E	128	8' – 20' ELO
2x4	1 ¾ x 3 ¾	RGH or S1S2E	168	8' – 20' ELO
2x6	1 ¾ x 5 ¾	RGH or S1S2E	112	8' – 20' ELO
2x8	1 ¾ x 7 ¾	RGH or S1S2E	84	8' – 20' ELO
2x10	1 ¾ x 9 ¾	RGH or S1S2E	70	8' – 20' ELO
2x12	1 ¾ x 11 ¾	RGH or S1S2E	56	8' – 20' ELO

Finishing and Maintenance:

- All finishes adhere and perform better when applied to fresh, unweathered wood.
- Never allow Western Red Cedar to "Weather" for more than two weeks prior to finishing.
- Power washers are not recommended for use on Western Red Cedar.
- For best results, Western Red Cedar should be coated on all sides before installation. Factory finishing, where available, is a preferred method.
- Consult WRCLA website (www.realcedar.org) for more detailed information.

Distributed By:

International Forest Products Limited (Interfor) is one of Western Canada's largest logging and sawmilling companies. Operating on the coast of British Columbia as well as in the central interior, Interfor produces quality products for worldwide distribution. All of Interfor's woodlands are 100% SFI (Sustainable Forestry Initiative) certified and third party audited under ISO 14001 (Environment Management Systems). This ensures the products you receive are produced in an environmentally sustainable basis.
